I am a passionate web developer skilled in creating responsive websites. I love building user-friendly applications and learning new technologies.

Skills: C, C++, Java, Python, HTML, CSS, JavaScript, Photoshop, MS Office

Projects:

- Portfolio Website - A personal portfolio website built using HTML, CSS, and JavaScript.
- To-Do App - A task management app using JavaScript with local storage.
- Calculator - A simple calculator using HTML, CSS, and JavaScript.
- Blog Page - A static blog page with clean design and responsiveness.
- Weather App - Fetches real-time weather data using API in JavaScript.

Education:

B.Sc. Computer Science, Government Arts College, Udumalpet (2024 - 2027)
